Versatile and efficient

We all need a helping hand now and then. That's where the 500 comes in: a compact, efficient electric tow tractor with a towing capacity of 1,000 kg. It easily moves all kinds of trolleys and containers, and it's just as effective as a mobile service vehicle with a tool kit or as a cleaning trolley. With its remarkable versatility, the 500 is a strong and silent force you can rely on.

At home in every industry

You'll find our 500 just about everywhere – from warehouses and greenhouses to hospitals and industrial sites. But perhaps most commonly at airports, where this electric tow tractor is used as a service vehicle and for transporting roll containers. A true all-rounder, the 500 excels in a wide range of working environments and industries.

Green and safe

Investing in a electric tow tractor is always a sustainable choice. It's whisper-quiet, fully electric, produces zero emissions and requires minimal maintenance. Naturally, safety was a top priority in its design. The 500 comes standard with both a mechanical handbrake and footbrake. If you have any specific requirements, we're happy to help you find the configuration that best suits your needs.

The 500 is a compact sit-on electric tractor with an impressive towing capacity of 1,000 kg.

500	
Maximum towing capacity	1,000 kg (≈ 2,205 lbs)
Maximum tractive force	x
Voltage	24 V
Drive system	Dual drive
Motor	2 × 400 W DC
Brake system	Mechanical hand and foot brake
Parking brake	Mechanical handbrake
Horn	Yes
Battery indicator	Yes
Forward speed	12 km/h (≈ 7.5 mph)
Reverse speed	6 km/h (≈ 3.7 mph)
Standard drive wheels	Pneumatic
Steering wheel	Pneumatic
Machine weight including battery	200 kg (≈ 441 lbs)
Maximum permissible counterweight	170 kg (≈ 375 lbs)
Dimensions l×w×h	1,450 × 800 × 1,220 mm (≈ 57.1 × 31.5 × 48.0 in)
Standard battery	2 × 12 V 100 Ah AGM, maintenance-free
Battery charger	External 230 V 15 A
