Practical and efficient

The 1500 is a highly versatile electric tow tractor with a towing capacity of 2,000 kg and a very low step. Thanks to its exceptionally small turning circle, this compact sit-on model is ideal for use in tight spaces. Perfect for moving trolleys, carts, containers and other loads across a wide range of industries and environments, it's a strong and silent force you can rely on every single day.

Lighten the load

Moving trailers or roll containers by hand or with outdated equipment? There's a much easier way. The 1500 makes heavy work safer, more reliable and more efficient. Its high-quality solid tyres provide excellent traction, both indoors and out. We can optionally equip this electric tow tractor with pneumatic tyres.

Optimise your workflow

An electric tow tractor is a smart investment for businesses looking to optimise their processes. The 1500 helps simplify daily operations and boost productivity, giving you more time and space to focus on your core business. And thanks to its clever design and low-maintenance battery, there's no need to worry about maintenance or other hassles.

The 1500 is a compact sit-on electric tow tractor with a towing capacity of 2,000 kg and a low

1500	
Maximum towing capacity	2,000 kg (≈ 4,409 lbs)
Maximum tractive force	x
Voltage	24 V
Drive system	Differential drive
Motor	2,000 W DC
Brake system	Hydraulic
Parking brake	Handbrake
Horn	Yes
Battery indicator	Yes
Forward speed	14 km/h (≈ 8.7 mph)
Reverse speed	6 km/h (≈ 3.7 mph)
Standard drive wheels	Solid rubber
Steering wheel	Solid rubber
Machine weight including battery	430 kg (≈ 948 lbs)
Maximum permissible counterweight	500 kg (≈ 1,102 lbs)
Dimensions l×w×h	1,500 × 830 × 1,100 mm (≈ 59.1 × 32.7 × 43.3 in)
Standard battery	4 × 6 V 195 Ah full traction
Battery charger	Internal 230 V 20 A
